ACTIVITIES:

- In Deck Hockey action yesterday, the Greatest Show on Asphalt, led by captain Tim-diana Jones and the Templin of Doom, relived a piece of last year's title glory by taking down a tough Skellism side. After Matthew "Don't Call Me Dill" Pickl gave Skellism a 1-0 lead, Jake "the Snake" Taylor scored a natural hat trick to give the Show an edge they would never relinquish. Danglin' Damian "No Man's" Landolina added two more highlight reel goals for the defending champs while Austin "Texas" Henne provided

Skellism's other tally. Both teams received highlight-reel quality goaltending, but Matt "I Walk the" Linemann had the edge in the battle of the backstops.

Action continues today in a Battle of the Boys as Dirty Sarno and his Boys square off against Jake "Take" Aufman's Spicy Boys.

GUIDANCE:

- Today the Counseling Office is hosting two career visits. There will be a visit with North Hills Community Outreach during 3rd Period. This career visit is for any student interested in the areas of writing, communications, or public relations. In 4th Period, we will have a visit with Element Church. This visit is a good opportunity for any student interested in church or ministry work. If you would like to attend either of these career visits today, please pick up a pass in the Counseling Office now.
- North Allegheny Senior High School is hosting United States Service Academy Day with Congressman Keith Rothfus. This program will take place tomorrow, April 22nd from 10:00 AM until 12:00 PM. Come and learn more about the Military, Air Force, Naval, Merchant Marine and US Coast Guard Academies, and ROTC. The application process for the academies is selective and lengthy. This is a great opportunity for interested students and their parents/guardians to make plans accordingly. For more information, please stop by the Counseling Office.
- Seniors – if you have earned a scholarship from your college, university, trade school, local or national organization, please give a copy of the scholarship letter to Mrs. Panza in the Guidance Office for inclusion in the graduation program. These letters will also be used to invite you to the Senior Awards banquet and ceremony in May.

GATE:

- Happy Earth Day, Shaler Area, from the Ecology Club. You may have noticed a flag hanging beside our green wall in the lobby by the gym. The color of the flag will vary based upon the air quality index in Pittsburgh, PA, as predicted daily by the Environmental Protection Agency. You may be aware that, unfortunately, we often have poor air quality in our area. So how much pollution is in the air today? A green flag signifies good air quality, a yellow flag is moderate air quality, and an orange flag means that air quality is poor for a certain population, including teenagers. Red and purple are the final two colors that signify even unhealthier conditions. Students will change this flag on a daily basis to help educate and inform you of the air outside our school.
