## Shaler Area School District AmeriCorps Position Summary

Shaler Area School District seeks members to join our team of educators in assisting students at two of our primary schools with children ages 5-9 and at our elementary school, children ages 10-12 for math support. The members will work with identified students in each grade during the grade specific remediation period using the Exact Path program and hands-on activities to improve math performance. Members will meet with teachers to plan specific supports and collect data via the Exact Path program. Parent communication is ongoing to provide home support. Members will also earn hours by supporting our identified students and staff in our summer math camp. Math camp is an opportunity to further work with students and their families to prevent the summer slide. Summer camp is 2 days a week and runs through the end of July. Members will work in a supportive role with classroom teachers at math camp.
