Superintendent of Schools

Bryan E. O'Black, Ed.D
Assistant Superintendent

Kathleen R. Graczyk, Ed.D
Director of Student Services

Sherri L. Ludwig, CPA
Director of Business Affairs

Lead Testing

Pennsylvania Act 39 added a new Section 742 to the Pennsylvania School Code. Beginning in the 2018-19 school year, all Pennsylvania school districts are required to conduct tests for lead in drinking water or hold a hearing to discuss lead in school facilities.

The drinking water has been tested in all Shaler Area School District buildings. All water samples scanned for lead were below the federal Environmental Protection Agency limit of 15 ppm of lead and have passed the Pennsylvania Department of Environmental Protection standards for safe drinking water.

For more information on the district's lead testing program, contact Director of Buildings & Grounds John Kaib at 412-492-1200 ext. 2902 or kaibj@sasd.k12.pa.us.
