

Shaler Area Education Foundation Grant Application

January 1 – December 31, 2018

- **What is the Shaler Area Education Foundation?**

The Shaler Area Education Foundation is a non-profit organization dedicated to supporting the educational needs and curricular advancement of the students in the Shaler Area School District.

Due to fundraising events, grants, and donations received during 2017, SAEF is accepting requests to support current programming as well as to encourage innovative educational programming and equipment needs.

- **What types of grants does SAEF fund?**

SAEF invites requests for funds of up to \$1,500 that support the following programs, which are in alignment with its mission:

1. New and innovative educational programs, which are unable to be funded through the school district's budget.
2. Scholarly travel and participation expenses for students, which are unable to be funded through the school district's budget.
3. Supplies needed in particular programs due to increased enrollment, which are not within the school district's budget.
4. Pilot projects that represent programs that can be replicated and used throughout the school district.
5. Professional development for teachers and staff that will enable skills, which will directly impact student learning.

- **Who may apply?**

Any student, teacher or staff of the Shaler Area School District may apply.

- **How do I apply and what is required?**

Complete the application form, which includes the signature of your principal acknowledging that the request is being submitted. The completed form should be delivered to SA Education Foundation c/o Foundation President; 1800 Mount Royal Blvd., Glenshaw, PA 15116.

- **How long does it take?**

The approval process requires about 8 weeks. Applications are accepted throughout the year. The SAEF Trustees meet monthly and will review all completed applications received 14 days before the bi-monthly meeting (see SAEF meeting schedule at <http://www.sasd.k12.pa.us/SAEducationFoundation.aspx>).
