### Life Insurance

- The School District will provide at its cost a Thirty Thousand Dollar (\$30,000) group term insurance policy on the life of each employee covered by the Collective Bargaining Agreement. In the event a change in carrier occurs, the District shall notify the Association in writing of such change, and also describe any policy changes, which may occur. This notice shall occur not later than fifteen (15) days prior to the change in policies.
- In addition to the aforesaid coverage of \$30,000 each employee covered by this Agreement shall have the right to purchase additional insurance of \$20,000 and the cost of such additional coverage shall be paid three-quarters by the School District and one-quarter by the employee. This premium will be adjusted annually to reflect the actual rate.
- The School District shall, upon notice by the employee, request in writing continued coverage from the insurance carrier for the employee who is granted a leave of absence. If, in the discretion of the insurance carrier, said employee, as defined above, is granted insurance coverage for additional months, the expense of said coverage shall be the responsibility of the employee. However, in the case where a professional employee is suspended, as set forth under the School Code, no life insurance coverage shall be provided under this Article.

For each employee who enrolls in the PPO or HMO program, the School District shall provide individual, husband & wife, parent & child, parent & children or family coverage and shall pay the cost of such insurance including the cost of any rate increase during the term of this Agreement except for the [pretax/IRC Section 125] monthly employee contributions outlined in the following chart:

#### PPO – Monthly Contribution \*

Year	Individual	Family/ Husband & Wife/ Parent & Child
2019-2020	\$109	\$210

**\* Subject to any changes designated in the Collective Bargaining Agreement**

- After the conclusion of the work year until the beginning of the next work year, the District's contribution towards the employee's health, vision and dental insurance premiums shall be further prorated based upon the percentage of workdays in the previous work year the employee received compensation. Thus, if an employee had more than five (5) days during the work year for which they did not receive compensation, other than unpaid FMLA leave, those unpaid workdays will be divided by the number of workdays in the work year to determine what percentage of the District's contribution to the premium under Article 11A (a) the District shall contribute during the months of June, July, and August.
